

DRONE 814

Delivering Critical Care When  
Every Second Counts

# ELSa-M3 PHASE I: PLANNED SERVICE AREAS

[WWW.DRONE814.COM](http://WWW.DRONE814.COM)

- Individuals living in these areas may see these drones overhead during testing.
- They are under the oversight of Cambria County Emergency Services.
- The highlighted area represents the preliminary service region. The final coverage area will be determined through testing phases.
- Drone services are scheduled based on operational feasibility, including weather conditions, safety protocols, and resource availability.
